#Step 2: Click on “Add Product” option

The screenshot shows the MoriiHub dashboard. On the left is a dark sidebar with navigation options: Dashboard, Store Settings, Product Manager, Stats / Reports, Orders, Payments, and Tools. The main content area has a top bar with 'My Shop', 'Add Product' (highlighted with a red arrow), and 'Orders'. Below this is a 'Your Store Report - Last 7 days' section. It includes 'Key Performance Indicators' with a table of metrics (all showing \$0 or 0) and 'Store Insights' with a dropdown for 'Compare your store performance against' set to 'Last 7 days'. Below the insights are four metrics: Store traffic, Total sales, Received orders, and Your earning, all marked 'no prior data'. At the bottom, there is a 'Visitors Map' showing 'No Data' and a 'Transaction Details' box with a 'Withdrawable Balance \$0.00'. The URL at the bottom is <https://moriithub.com/photographer-dashboard/add-product/>.

#Step 3: Click on “Create a new product” option

The screenshot shows the 'Add Product' page in MoriiHub. The sidebar now highlights 'Product Manager' with sub-options 'All Products' and 'Add Product'. The main content area has a top bar with 'Add Product' and 'Orders'. Below is a decorative banner with various icons. The main heading is 'List a New Product', followed by 'Search from our existing Product Catalog'. There is a search input field with the placeholder 'Product name, UPC, ISBN ...' and a 'SEARCH' button. Below the search field, it says 'Not in the catalog? Create a new product >' (highlighted with a red arrow). The URL at the bottom is https://moriithub.com/photographer-dashboard/add-product/new_listing=1&cats_hier=1.
